

## Gravel Road Committee

### Agenda & Minutes (below) for 7/22/22

1. John Z. - Intro of members
2. Fran – Confirm objectives and deliverables to Road Agent
3. Committee - Elect Chair
4. Committee – Ask for volunteer to record minutes
5. Topics:
  - a. Observe road project end of August/early Sept as scheduled by Adler
  - b. Identify all gravel roads via Road Agent and/or committee drive through town
  - c. Input on evaluation criteria
  - d. Frequency of repairs for each gravel road?
  - e. Cost of repairs for each road? Estimate
  - f. Propose new methods of repair (Best Methods?)
6. Frequency of meetings
7. Request additional attendees? (BA?, residents?, EJP for input?, other?)
8. Set next meeting time and place (Thursday, July 28 at noon?)

**Minutes** for 7/22/22, submitted by John Kondos

Meeting started by John Zannotti at 2 PM

Brief intros by attendees: John Zannotti, Brad Roscoe, John Kondos

John Z was *elected* chair and John K will take minutes

A priority for this committee is to meet with Road Agent "BA" Adler to identify gravel roads in town, get his insights and to hear his concerns.

Consider observing a Gravel (G) road project and touring G roads.

Develop input for evaluation criteria for priorities; some possibilities suggested include- frequency of repairs/road, cost of repairs/road, consider new methods of repair (fabric underlay), discuss impassable G road concerns including safety (ex. fire access).

ACTION: Bring ideas to next meeting.

It was suggested former Road Agent Bart Bevis might be a resource to the committee at a later date.

Next meeting- target noon on August 2<sup>nd</sup>, if BA is available, if not attempt to schedule when he is available.

Meeting adjourned at 2:40.

---

John Zannotti, Chair
