

Community Power Meeting - Town Hall

(522 Route 63, Chesterfield, NH)

Thursday, February 1st, 2023 - 6:30 pm

There will be a meeting at the Town Hall next Thursday, February 1st to discuss the Town of Chesterfield's future participation in the Cheshire County Community Power program. Representatives from the County will be on hand to present information about Community Power and to answer your questions. More information will be coming to all residents in the mail but this is your opportunity to ask questions directly.

Coming March 2024!

Streamlining Community Power for Our Towns

Lower Rates	Local Control
Consumer Choice	Clean Energy

What is Community Power?

Community Power allows customers to save money and expand their energy choices through economy of scale.

The program pools the electricity demand of participating customers across the town to increase buying power and expand local control.

The program will only launch if it can offer a lower rate.

Who will deliver my electricity?

Electric distribution utilities like Eversource will continue to own and operate the electric grid, and bill customers.

How is it funded?

The program is self-funded through electric bill payments.

No taxpayer funds are used to cover program expenses.

What are the goals?

Our goals include:

1. Lowering rates and saving customers money
2. Creating innovative and clean energy choices for customers
3. Support local economic development of beneficial energy upgrades, programs and projects

What does Community Power mean for you?

Prior to launch, all customers will be mailed notification detailing the program and including the initial supply rate and clean energy options as compared to the utility rate.

30 days after the mailing, Community Power becomes the new default energy supply option.

Community Power is voluntary. Customers can opt-in/out/up at: CommunityPowerNH.gov or by calling 1-866-603-7697 (POWR)

Background

In 2022 the Cheshire County Delegation approved the Cheshire Community Power Plan and authorized the county to launch Community Power.

We are a member of the Community Power Coalition of New Hampshire, a nonprofit power company created to serve the interests of NH communities.

CPCNH is governed "for communities, by communities" and supports towns statewide.
