Hi Alissa:

As we discussed, attached is a copy of RSA 41:8-c, which requires, when the Selectmen receive a petition per RSA 41:8, b, (as they've recently received), that the Board conduct a public hearing on the petition to change the size of the Board of Selectmen.

The Selectmen need to set the date for the public hearing within 10 days of the submittal of the petitioner (which I understand was submitted on 1/11/22) and the public hearing has be held not later than the Thursday before the annual town meeting.

Also, as we discussed the Petition article is placed on the 2022 town meeting warrant.

The heading of the article can indicate that it's a Petition Article. The text of the warrant article will read, as specified in RSA 41:8-b:

"Are you in favor of increasing the board of selectmen to 5 membersa?"

The town clerk must prepare a special ballot with the warrant article question on it, following by squares with the word "yes" and "no" printed on the ballot, so voters can fill out the ballot and hand it in the ballot box during the town meeting.

Town of Chesterfield Selectman's Office 490 Route 63 P.O. Box 175 Chesterfield, NH 03443

Attention: Gary Winn, Fran Shippee, Kelli Hanzalik,

I have a concern regarding what appears to be an unsupported and excessive increase in my Tax Bill for 2022 pertaining to one of two parcels I have at 855 Route 63, Chesterfield, NH. There is a dramatic discrepancy between the M&N Assessing Services preliminary reassessment value and the value on my 2022 Tax Bill. The 2 lots are divided by Route 63. I did not question the M&N Preliminary Reassessment because it seemed to be in line with the change in property values since the last reassessment in 2008.

My siblings and I inherited the property from our mother, Agnes O'Donnell who passed away in April 2021 which explains the change in ownership between the First Tax Bill and M&N Preliminary Appraisal Reassessment and the Second Tax Bill.

The parcel in question 00005B 00B014 000000 at 0.046 acre was assessed at \$82,500 in my 2022 Tax Bill. This is an increase of \$30,800 over the M&N Preliminary Reassessment value of \$51,700, which is an increase of 176% over the 2021 assessment of \$29,900. My Total Tax on this parcel went from \$704.00 yearly to \$1,655.00, an increase of \$951.00. I do not understand the vast discrepancy between the M&N reassessed preliminary valuation and my 2022 Tax Bill value. With the increased property valuation, my Total Tax for the beach parcel for 2022 is a factor of 276% higher than 2021, (\$704 x 2.76 = \$1,655). This increase in the assessment seems to be excessive and unsupported by the M&N Assessing Services reassessment value.

The beach front parcel is divided from the other parcel by Route 63. It is 40 feet of waterfront that is detached from the rest of our property and has no structure on it.

I am enclosing the M&N Preliminary Assessments as well as copies of the Tax Bills for July 2021 and January 2022 for comparison. I look forward to hearing from you regarding what factors were considered in the final valuation of the property and respective Tax Assessment.

Respectfully,

Dear Mrs. Marsh:

I am in receipt of your letter dated January 24, 2022, in regard to your concerns with the increase in your tax bill for the two parcels that you own here in Chesterfield. I will forward this letter to the Board of Selectmen at their next meeting.

There is a process that we must follow to address your concerns. You will need to fill out the attached abatement form and send it back to our office so we can forward it to our assessor for review. Once he reviews the abatement application, he will send his recommendation to the Board of Selectmen. The Board of Selectmen will then vote on the abatement application. You will receive a letter letting you know if the abatement has been approved or denied along with a copy of your original abatement application.

If you have any questions, please feel free to give me a call at extension 13.

Mr. Gary Winn Town of Chesterfield 490 Route 63 Chesterfield, NH 03446

Re: Perrin - Real Estate located at 29 and 31 Wildwood Road, Chesterfield, NH

Dear Mr. Winn,

I am writing regarding an ongoing issue with our tax bill associated with our property at Wildwood Road in Spofford. In May 2018 we purchased the adjoining lot at 29 Wildwood Road. A condition of the purchase was that 31 and 29 Wildwood Road would be merged for "municipal regulation and taxation purposes." We were assured the merger would happen in a timely manner. In late 2019 we were threatened with a lien on 29 Wildwood since we had not paid taxes. We were under the impression that the properties were merged and that the tax bill was being paid through escrow. However, the properties were not merged and the tax bills for 29 Wildwood were not being paid through the escrow account. In March 2020 Former Chair Carrier and a helpful person named Trisha assured us it was a mistake and they also confirmed that the properties should have been merged in 2018. We paid the tax bill for 29 Wildwood and formally requested that the properties be merged. That notice was sent to Jeanny Aldrich, Chairperson, on April 13, 2020.

On May 25, 2021 we were once again billed separately for 29 and 31 Wildwood Road. We paid the \$164.00 balance and left a message with the Town Office that the properties were supposed to be merged. There was no response. On November 20, 2021 we were billed separately again for both properties and the bill for 29 Wildwood jumped from \$164.00 to \$1655.00. The assessed value went from \$14,500 to \$90,700. As part of the purchase agreement we cannot build structures or run electrical connections to the lot so there is no improvement that warranted the increase. This is obviously an error that needs to be addressed.

Tracy called the Town Office and left messages for Trisha on December 13 and December 15. She was told on December 15 that the issue was "being looked into" but we did not get any responses. On December 30th Steven went to the Town Office in person. He was told Trisha would be in late that day and that we would get a call back that afternoon. We waited at home for a response and to date we have heard nothing.

At this point we have not paid our bill for 29 Wildwood, but that is not for lack of trying. Had these properties been merged in 2018 as outlined in the sale agreement, the bill would have been paid through the same escrow account we use for 31 Wildwood Road. Instead, we continue to

receive separate bills and have now been given a tax bill that has a 1000% increase from six months ago. We would also like to inquire as to how the Town arrived at this excessive increase. We would very much like to pay a corrected tax bill. We also ask to have proof that you have combined the two properties into one

Once again, we formally request a correct bill for 29 Wildwood Road for the second half of 2021. We also once again request that 31 Wildwood Road and 29 Wildwood Road be merged as outlined in 2018 and the combined tax bill be submitted to our bank, Walpole Savings and Loan so that we can have the tax bill be paid through escrow as we requested multiple times.

We look forward to a written response within ten days of receipt of this letter.

Sincerely,

Steven R. Perrin January Rinet Pouring Tracey Binet Perrin

Town Ordinance section 606 - Appeals to the NH Superior Court may be taken ... within thirty (30) days after the action complained of has been recorded.

12/29/2020 Consulted John Ratigan

No basis for claiming driveway had been or was unlawfully expanded, Recommends driveway issue be left alone. 12/30/2020 No documentation or pictures from ZBA to support that driveway had been unlawfully expanded from 1994 installation. The newly installed pavers did visibly adhere to the footprint of the previous asphault.

NH Superior Court Order on ZBA Appeal 6/16/2021

The Court AFFIRMS the Board

Contacted John Ratigan 6/16/2021

There is a 30 day appeal period for this decision to the Supreme Court.

The Court did not stipulate a timeframe for remediation.

We offered next Spring as a realistic and fair expectation to complete excess impervious surface removal.

Our timeframe was extended to lessen the potential burden to the lake from any disturbed, unseeded soil through the winter months

John will draw these terms

Atty Bentley filed a Motion for Reconsideration with the Supreme Court 6/28/2021

This pushes out 30 day appeal period

7/1/2021 Ratigan filing an Objection to Reconsideration

8/30/2021 Superior Court denied the Request for Reconsideration Reactivating appeal period for Supreme Court.

12/21/2021 Update

The appeal period has lapsed.

The timeframe for removal of impervious material has been set for the spring to allow natural groundcover to grow and prevent erosion

12/15/2021 Received complaint about water being drained from the Sugarman's basement onto neighbor's property and also very near to the lake.

12/15/2021 Investigation

Visited the site where Northern Basement Systems was there doing the work

They stated that they had pumped a small quantity of water (amt?) that morning adjacent to neighbor's property & 10-15' from lake. They had stopped this (immediately?) after being confronted by Neighbor (or shortly after when pumping done?).

closest to the water. This was to be pumped outside, under the porch, to a justifiable location (downgrade and away from the house They were installing a heavy duty vapor barrier on the dirt floor crawl space and installing a submersible pump at the lowest point

Called Northern Basement Systems

They only deal with ground water (not plumbing or septic leaks).

Code

This work did not require a permit (placing plastic on the ground and installing a replacement plug-in sump).

could not find any DES requirements or concerns addressing this issue.
