Town Offices

Call to order

Approval of Minutes

Old Business

1. Thoughts on Todd Horner discussion on Workforce Housing. Will be attending the SWRP where again Workforce Housing will be the main discussion. Fran and Marion are also going.
2. Video by Hannah Grimes, let's put on hold for now.
3. Business mixer location at Copper Canon hopefully mid July. Rumor has it Blake recently got married and is probably why he has not returned my e-mails. Any ideas on a theme or speaker? Julianna mentioned some event that Hanna Grimes has scheduled for our original date in June. Any further information? What should we have for food?
4. Todd Horner is to speak with Keith about helping with Senior Housing. Have not heard anything but will see both next week.
5. Recruiting new members. I talked to Kelli at the Farmer's Market on Saturday. I mentioned that there is a lot of money to remediate Brown's Field locations and the Rt 9A property is high on the NH list. She is hoping to rejoin soon.
7. EDC table at Old Home Day Once event is underway and my duties are done, I can do 10:30 till noon. Julianna volunteered to do some time in afternoon. Need others to help setup and take down a booth. What papers and info can we have on table/ What the EDC has and is doing, looking for recruits, questionnaire asking for input on possible other projects (what did we have at the People Bank table). Any further ideas?
8. After school/day care conversation. Darlene lost her husband the night before and did not attend the presentation by SWRP. I have not talked to her to find out how she is doing.
9. Other old business.
